October

SOCIALLY DISTANT HALLOWEEN IDEAS

“Ghost” a friend, family member, or neighbor. Make a small goodie bag with fun Halloween treats and leave it on the porch with clues to who you are, encourage your recipient to “Ghost” someone else.

Eerie Egg Hunt– Fill Easter eggs with treats, stickers, or small toys, add a glowstick and hide them in the yard for a spooky nighttime Halloween Egg hunt!

Scary Movie Night. Pick a family favorite or introduce the family to a classic, put a spooky twist on some tasty snacks, and spend the evening in with the family, don't forget the costumes.!

Go all out on Halloween outdoor decorations this year! Consider placing candy in bowls outside the door to limit exposure to trick-or-treaters or pre-portion Halloween goodies in colorful cups or treat bags and create a Trick-or-Treat driveway or sidewalk table to limit contact as much as possible.

Fall Lawn Care Tips

After the hot DFW summer, the cool brisk weather is more than welcome as fall is finally upon us. Along with putting out fall decorations, comes the transitional period to take care of your homes outdoor space. There are a few things to do to make sure that you and your home are ready for cooler temperatures. Whether you are a new or a seasoned homeowner, a quick refresher on fall lawn care tips never hurts!

1. **Be a good neighbor and rake those leaves!** Remember loose yard waste and lawn trimmings must be placed in biodegradable brown kraft bags (up to 20) and set out for pickup on Mondays. Brush not contained in kraft bags must be tied and bundled and set out without obstructing the sidewalk. Individual bundles should weigh no more than 50 lbs., and be no longer than four (4) feet. Yard waste put out in plastic trash bags will not be collected and if left at the curb for an extended period of time, can result in a daily fine of \$10 from the association.
2. **Continue to Mow-** Regardless of the season, a rule of thumb when it comes to mowing is to never cut more than one-third of the height. Cutting your lawn too short can make it susceptible to diseases. Continue mowing even after summer to keep the lawn healthy. When the majority of the growth has stopped you won't have to mow as often as you would in the summer months.
3. **Fertilize-** Mulch the grass as you mow the lawn. The grass clippings act as an organic fertilizer by applying the required nutrients to your grass while they decompose. In the fall, fertilizing your lawn will help protect it and keep it healthy when the cool weather rolls in. Before fertilizing your grass on your own, make sure you know what type of grass you have in order to choose the correct fertilizer. This should be a granulated fertilizer that is applied to the lawn using a manual spreader.
4. **Weed-** Weeds are a constant problem and hassle to keep them away from your garden and lawn. Fall is one of the best times to treat for weeds allowing you enough time to completely discard of all the weeds before growth begins in the spring. When pulling weeds, it is important to grab the root in its entirety. Snipping the roots at ground level won't remove it and it will be able to grow back.

CASTLEWOOD HOMEOWNERS ASSOCIATION
3420 FAIRFIELD LANE
HIGHLAND VILLAGE, TX 75077

Do you have a pet?

Be sure to register them with the City of Highland Village.

Your pet can be registered online or by mail. To register online please go to petdata.com/for-petowners/hvg.

What are the benefits of registering my pet?

A registration tag tells everyone your pet is not homeless or a stray. Found pets can be reunited quickly with their owners. Your registration shows your pet has been vaccinated for rabies. Your lost pet will have a longer care period in the event that it is taken to a shelter.

Be sure to ask your vet about microchipping. If your pet already has a chip or tags, be sure the contact information is current.

For questions contact the Animal Care Officer during regular hours at 469.444.0915. For after hours emergencies, please call the Police Dispatch line at 972.317.6551.
