Blood Drive FAQ

Saturday, October 8, 2022 from 9 to 4

Blood Drive Coordinator: Jennifer Hansen

The Donation Process: What to Expect

- Watch your email for reminders and a link to a Quick Screen that **must be completed prior to donation.**
- The day of your scheduled donation be sure to drink plenty of water and eat a well balanced meal 2 hours before you arrive (if possible).
- Arrive at the clubhouse about 10 minutes prior to your scheduled time slot. ***Remember to bring a photo ID.***
- Sign in with the community manager when you arrive. When the Carter Blood Care team is ready, you will head into the bus. Please keep in mind, children, spouses, or friends, cannot go in the bus with you. Your family or well-wishers can remain in the clubhouse and catch up with neighbors, enjoy some coffee and snacks, and wait for you to be cleared to leave.
- Once you have signed in and are with the phlebotomist, the donation process takes about 10 minutes.
- Snacks and beverages will be provided in the recovery area where you will remain for approximately 15 minutes.

Most importantly, you can leave that day knowing you have helped the community and your neighbors!

Fences in Need of Stain or Paint

It is time to evaluate your fences. While many fences have a few more years left in them, they may need a fresh coat of stain or paint depending on the type of fence. Not only will this add to the appeal of your home, it will help prolong the life of your fence.

If your wrought iron fence is rusting or your wood fence has weathered and the stain has worn away, please plan to address this no later than December 1, 2022. If you plan to make any major changes to the look of your fence, be sure to submit an application to the Modifications Committee. Applications can be found at www.castlewoodhoa.com. Applications should be submitted to the community manager at jhansen@spectrumam.com.

If you will be staining or painting using the **existing color**, you may begin your project without an application. Wrought iron fences should be painted black and wood fencing should be finished on one side minimum per the governing documents. The “finished “ side should be facing out. Fencing for areas which are adjoining a common green area or adjoining Army Corps of Engineers properties and/or easements shall be non-ornamental wrought iron of open type design and painted black.

Violations will be issued beginning December 1, 2022 to residents who have yet to address the issue and may result in fines of \$10 per day.

If you have questions please contact the community manager.

Trash cans must be stored out of view.

Trash cans should not be stored on driveways, on the side of your home unless concealed behind a screen, or in any way that makes them visible from the street or to your neighbors.

Thank you for keeping Castlewood beautiful!
